

Remarks/Arguments

Claims 1-64 are pending in the application.

The Applicant is required to elect a specifically disclosed species. In response, the Applicant elects the species

which is depicted in U.S. Patent Pub. 2008/0269262 at page 14, 5th row, right column (paragraph [0053] of PCT/2005/115992 specification at page 28, 3rd row, right column). Applicant understands that the election is for search purposes only. Claims 1-15, 38-42, and 52-64 encompass the elected species.

Applicants respectfully request that, upon allowance of a generic claim, claims directed to non-elected species including all the limitations of the generic claim be considered in accordance with 37 C.F.R. § 1.141 and ultimately allowed.

The restriction requirement indicates that a telephone call was made on May 12, 2011 to request an oral election. The undersigned respectfully notes that no message was received in this regard.

The application is now believed to be in condition for examination. Prompt consideration and allowance of the pending claims is respectfully requested.

Respectfully submitted,
KENYON & KENYON LLP
